

# The Villages Archery Club

Meeting Agenda  
10 September 2018

## **Welcome:**

The Pledge of Allegiance

## **Financial Report:**

Current Balance: \$5,492.11

## **Old Business:**

Range Masters:  
September..Maureen McQuade  
October... Rod Burge  
November..Carl Frank  
December .. Rich Pickles

### Cruise:

We already have 11 couples that have made reservations. Details on web site. Lots of time left. 7 day cruise on Regal Princess to Eastern Caribbean. Feb 17. Details on the web site.

There was a discussion regarding whether to give monetary awards to winners of the summer league or just have a party for the participants with the entry fees. The consensus was for monetary awards.

### Facebook:

The Club's facebook group is alive and seeing a lot of posting by members. If you might be interested in joining, there is a link on our home page. About one third of our members are in the group,

## **New Business:**

### Congrats to:

Doris Schaffer and Sylvan Peterson for winning gold in the Minnesota Senior Games  
Joan Quinzani Gold in Maine Senior Games  
Charlie Wilson Silver in Maine Senior Games

Lately, there have been some security issues with the target room whereby the top deadbolt has not been locked. Please be diligent regarding this and make sure that the shop is secured when leaving. We are discussing with Tracy Whitten the possibility to have a new door closer installed on the target room and a combination lock on that room, so both rooms will be the same.

### Archery in The School

The first nine week session has been cancelled due to some unknown conditions that were imposed by the school that were unacceptable.

The possibility exists for a school session beginning on October 18. for nine weeks. In order for this to happen, we will need someone to facilitate the program. One of the requirements will be a security check and fingerprinting which the club will pay for. If you might be interested, please let us know.

The Larry Boyd Memorial 900 round will be held on Sunday, Sep 23 We will need a range master and registrars for this shoot. Lunch will be provided to shooters.

There is a sign up link on our web site.

Range Master: Rich Powers

Registrars: Roy Haler, Rachel Burge,

There will be a work party on Thursday, Sep 20 at 8am to prepare the range for the tournament. Several targets need repair after the summer.

### Fall League

It was deemed too late to start a fall league this year as it would run into the holidays. This may be on the agenda for next year if there is enough interest.

Several of our bows, both recurves and compounds are needing some string maintenance. Is there anyone who might be interested in maintaining our bows so they are safe?

As discussed in the last meeting—What are the feelings to have a 20 yard spring league to run at the same time as the 600 league? No action

It has been reported that there may be bees and stinging insects around the targets. Please be cautious when changing target faces.

Summer league recap and awards. Thanks to Charlie Wilson, Jim Murray and Jeff Wiseman for facilitating. League results have been sent to participants.

Tech Talk discussion followed the meeting. Paper tuning

Refreshments and coffee followed.
