

The Villages Archery Club  
Meeting Minutes  
14 September 2015

Financial Report:

Last Month Balance: \$4776.61

Range Meisters  
September ..Tom Hart  
October .....Charlie Campney

Old Business:

There was a discussion regarding moving the shooting line back one foot to alleviate the issue of dripping from the structure that drips on the scopes of shooters. Negative comments by many members regarding moving the shooting line indicate that we should not change the line. After a lengthy discussion, it was decided to leave the line where it is.

We have a few dozen 33" arrows for those whose draw length make it a safety issue to use short arrows

There was a discussion regarding replacing the plastic wheels on the target stands with more durable metal wheels. Tracy Whitten is aware of the situation and will be following up on getting new wheels.

New Business

The club will host a 900 round on Sep 17. This is the Larry Boyd Memorial Shoot. Larry's wife will be providing lunch for competitors. Registrars will be Stephanie Gill & Lynn Swango.

Work parties will be held on this Thursday, Sep 17 and next Thursday Sep 24 to repair targets and prepare the range for the tournament.

Addendum:

Range Use

There has been some discussion regarding range use Monday through Thursday afternoon from 1-3PM and Friday afternoon from 1-3:30PM. The range is reserved for recreation department activities during those times. However, residents of The Villages can use the range if they don't disrupt the recreation programs and follow the directions of the range master. Archery club members have no priority during these scheduled events.
