Hi Mary and Charlie,

This is the Fall 300 League Announcement for distribution to Club Membership. Charlie, please activate the sign-up form and provide Mary the link, and Mary, please insert that link in the last paragraph and blast out to club membership.

*Thanks,
Jeff*

The Villages Archery Club will be running an 8-week Fall 300 Archery League which will run on Monday mornings from Oct. 6 through Nov. 24.

The 300 format consists of 12 ends of 5 arrows at 20 yards using the NFAA blue and white indoor target face. There are 2 versions of that target face, usually printed on opposite sides of the same face:

- *The first is the “1-spot”, consisting of 5 rings with values of 5, 4, 3, 2, and 1 point. Arrows outside the 1-ring count as a miss (0 points).*
- *The second is the “5-spot”, consisting of 5 targets with a 5-ring and a 4-ring. Arrows outside the 4-ring count as a miss. The 5-spot is generally preferred by compound bow shooters more concerned about jamming 5 arrows into a small space than with the possibility of shooting outside the 4-ring.*
- *You are free to choose whichever face you want regardless of shooting style.*

A few notes about the league:

- *Handicaps are used to level the playing field. If you competed in one of the 2024 300 Leagues, you should already have an established handicap, assuming that you are still shooting at the same level. If your level is not the same (new equipment, advanced skills, etc.) **or if you are new**, you will need to establish a handicap by shooting a minimum of 4 rounds prior to Sept. 29. Photos of scorecards should be submitted, as you shoot them, by email to jeffwiseman@comcast.net.*
- *Teams of 4 or 5 archers will be constructed on Sept. 29 based on the established handicaps.*
- *Competition takes place on Monday mornings at 9 AM at either range, Paradise or Dudley. Mondays are preferred but the rules are flexible to allow shooting later in the week or even earlier than Monday if needed due to schedule conflicts.*
- *League dues are \$10 per archer, all of which is returned as cash prizes at the end of the season.*

*There is a sign-up form on the club website (***) insert link (***) . Please consider joining the league ... it's a great way to meet fellow Club members and to improve your archery skills! **Sign-up deadline is Monday, Sept. 15.***

Further details will be provided to those signing up in a couple of weeks.

Jeff
