

The Villages Archery Club  
Meeting Agenda  
14 Aug 2017

**Welcome:**

The Pledge of Allegiance

**Financial Report:**

Last Month Balance: \$2975.45

**Old Business:**

Range Meister

August	Charlie Campney
September	Don Driscoll
October	Ken Woolley
November	Rod Burge
December	Dee Steinheiser

The archery program at The Villages Elementary School will began on Thursday, Aug 10 and run through Thursday, October 5. The weekly sessions begin at 3pm at the range directly across from the Buffalo Glen softball field. We had 22 kids.

Targets 1 through 5 have the five ring target faces. The scoring rings on these faces are the same as the 122cm faces. The smaller faces cost just over a buck whereas the 122cm faces cost nearly 5 bucks. Please stagger these faces to optimize wear. If we need the full size faces for the Monday morning shoots, they can be put up and then taken down and the smaller faces can be used. Ken will order more of these target faces.

There is a rack of found arrows inside of the archery room. Many of these arrows have been there for many months. In the future, these arrows will be dated and if they are not claimed in a certain period of time, they will be added to the supply of club arrows.

The treasurers books were audited and all is well.

In order to maximize the use of our targets, please rotate the target faces. Target faces should be rotated clockwise about 90 degrees on a weekly basis.

The last Camp Villages was held on Aug 3. We had about 30 kids for this event. Total for the year was nearly 100 kids.

**New Business:**

The remainder of the meeting was a show and tel regarding what kind of arrows and how to pick the correct arrow for your use.
