### Camp Villages

The third of three Camp Villages held on Thursday, Aug 9 at the Paradise range with 24 participants.

Archery in the school recap. We expected 20 students last Thursday for the first session but no one showed up. The school has a new person handling the program and she wasn't aware the the students needed to be escorted to the range. This Thursday, we will need volunteers to help.

Cruise?? We already have 11 couples that have made reservations. Details on web site.

There was a discussion regarding what topics would you like to be presented at show and tell after our monthly meetings.

There was a discussion regarding wether to give monetary awards to winners of the summer league or just have a party for the participants with the entry fees. No action.

## **New Business:**

Congrats to:

US National Target Championship

Dave Van Nice Silver Medal

Jim Scheer Bronze Medal Team Event

Idaho Senior Games  
Blair Peterson Gold Medal

New Jersey Senior Games  
John Gauger Gold Medal  
Mary Ann Hartman Gold Medal

There is a link on the web site to pre register for the 900 round on Sep 23.

After a vehicle was broken onto in the parking lot, The Villages has been asked to trim or remove the shrubs between the range and the parking lot. This this would give a line of sight to the parking lot.

As discussed in the last meeting—What are the feelings to have a 20 yard spring league to run at the same time as the 600 league?

In the near future, we will be discussing implementing a policy regarding signing out bows and arrows from the equipment room to take to the Fenney range. There was a lengthy discussion regarding this item. A decision will be made and a policy implemented within the next few months after our president has returned.

After the meeting, a presentation by Charlie Wilson focused on how to set up a new bow.

Refreshments and coffee followed.
