The Villages Archery Club

Memorial Plaque Guidelines
Oct 1, 2026

In order to provide consistency, while continuing to show respect for our fallen members, the follow guidance is adopted for Memorial Plaques:

1. A memorial board will be maintained in the Paradise range workshop.
    a. This board will be used to display plaques depicting the name and membership years of fallen members (i.e. John Doe, 2010-2026).
    b. Persons that had been a club member for 10 years or more may have plaques placed on the board.
    c. Persons with less than 10 years with the club, but distinguished themselves in support of the club, may also be considered for a plaque on the memorial board.

2. Memorial plaques on the Paradise range posts will be used to memorialize fallen club members who were:
    a. Hall of Fame members
    b. 20 or more years of club members, AND distinguished themselves in support of the club (i.e. Hall of Fame nominees)
    c.
3. Memorial Bench Plaques will only be used in rare instances where the Board determines the fallen club member is deserving of this special recognition, and will continue to be coordinated with The Villages department responsible for memorial benches.
