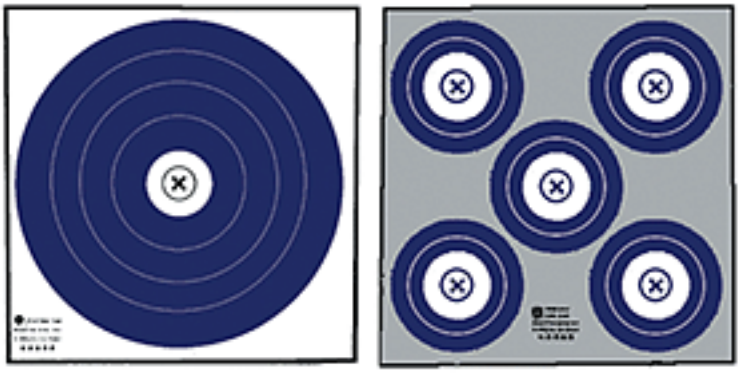
Tournament Descriptions

300 Round

The 300 format consists of 12 ends of 5 *(60 total)* arrows at 20 yards using the NFAA blue and white indoor target face. There are 2 versions of that target face, usually printed on opposite sides of the same target:



- The first is the “1-spot”, consisting of 5 rings with values of 5, 4, 3, 2, and 1 point. Arrows outside the 1-ring count as a miss (0 points).
- The second is the “5-spot”, consisting of 5 targets with a 5-ring and a 4-ring. Arrows outside the 4-ring count as a miss. The 5-spot is generally preferred by compound bow shooters more concerned about jamming 5 arrows in a small space than with the possibility of shooting outside the 4-ring.

600 Round

The 600 Round is a medium to long-distance competition. It is shot over three separate distances (60, 50 & 40 yards). It consists of sixty total arrows *(12 ends of 5)*, twenty *(4 ends)* shot at each distance, each worth a maximum of ten points. The maximum score is 10×60=600 points, which is where the name of the round is derived. It will use the 122 cm target shown here:

600 Round Classic

The 600 Classic format is the same as a 600, however, shot in reverse (40, 50, & 60 yards). It will use the 92 cm target shown here:

720 Round

The 720 Round is a long-distance competition. It is shot at 50 meters (54.68 yards). It consists of seventy-two total arrows each worth a maximum of ten points. The maximum score is 10x72=720 points, which is where the name of the round is derived. It will use the 122 cm target shown here:

900 Round *(including Villages Senior Games)*

The 900 Round is a long to medium-distance competition. It is shot over three separate distances (60, 50 & 40 yards). It consists of ninety total arrows, thirty at each distance, each worth a maximum of ten points. The maximum score is 10×90=900 points, which is where the name of the round is derived. It will use the 122 cm target shown here:

Lake of the Woods *(designed by a club member)*

This will be offered in two formats:

1) Traditional format: 10 targets, at 5-yard increments from 20 to 65 yards. Target faces change based on the distance and each end is 3 arrows. We will go through the course twice, for a total of 60 arrows.
2) Intermediate format: 5 targets, at 5-yard increments from 20-40 yards. Target faces change based on distance and each end is 3 arrows. We will go through this set of targets a total of 4 times.

Notes: Format is based on *NFAA Rules*

For both tournaments, the shooting distance shall be posted at the starting line for each shooting lane.

Traditional (Full)

1) 10 Targets
    a. 20/25/30 yds FITA *40cm* 5 color target face
    b. 35/40/45 yds FITA *60cm* 5 color target face
    c. 55/60/65 yds FITA *80cm* 5 color target face
2) 3 arrows per end. MAX score each end '15'. Max score per round '150'. Two rounds for MAX score '300'.
3) Shooters will shoot **2** rounds with a 10-minute time out after the **1st** round
4) Each archer will be assigned a starting lane (i.e. 1,2,3…) up to lane '10'. At the completion of each end and after scoring, archers will advance to the next shooting lane/distance in order (i.e. if you start in lane 3, your next end will be shot on lane 4, etc.)
    a. At the start of the match, there will be 2 PRACTICE ends at your initially assigned lane.
    b. After the 2 practice ends, scoring will begin at your initially assigned lane. There will be *NO* practice ends after half time.
5) After half-time, you will start your 2nd round on your initially assigned lane.
6) See **Fig A** for the range layout

Intermediate

1) 5 Targets
    a. 10/15/20/25/30 yds FITA *40cm* 5 color target face
2) 3 arrows per end. MAX score each end '15'. Max score per round '75'. Four rounds for MAX score '300'
3) Shooters will shoot **4** rounds with a 10-minute time out after the **2nd** round
4) Each archer will be assigned a starting Lane 12-16 (Note: Lanes 11 & 17 will not be used. At the completion of each end, the archer will advance to the next shooting lane/distance in order (i.e. if you start on Lane 13, your next lane will be 14, etc.)
    a. At the start of the match, there will be 2 PRACTICE ends at your initially assigned lane.
    b. After the 2 practice ends, scoring will begin at you initially assigned lane. There will be *NO* practice ends after half time.
5) After half-time, you will start your 2nd half at your initially assigned lane.
6) See **Fig A** for the range layout

NOTE: 2 Archers per lane per end. If more than 20 archers register for the FULL tournament or more than 10 archers for the Intermediate Tournament, shooting will have an 'A' & 'B' line, alternating A/B-B/A first up.
